Who We Are

August Mack Environmental, Inc. is based on two fundamental principles, which ensure the company maintains its focus throughout an ever changing technological and business environment. These principles guide August Mack through its mission to provide sound, economical and permanent solutions to environmental problems. They are superior client service and a strong commitment to employees. Regardless of the nature of the work or the business climate, these principles enable August Mack to be successful for both its clients and its employees.

For all applicable projects, August Mack will provide the client with alternatives for addressing environmental concerns. Long term, permanent solutions will be provided as options at all times. These options will address regulatory compliance strategies, pollution prevention and control and investigation/remediation technologies. This approach will better inform the client of the risks and costs associated with each option and encourage participation in the solution that best serves the client’s needs.

August Mack will be recognized for its responsiveness by meeting or exceeding proposal and project deadlines. August Mack also will provide superior client communication by returning all telephone calls promptly and meeting all timing commitments.

As a service company whose product is its talented personnel, August Mack can only be as successful as its staff. In order to ensure the success of the company, August Mack is committed to the success of each employee. This commitment is achieved by supporting employee development through internal and external employee training; promoting and advancing employees from within; evaluating employee performance based solely on merit; providing incentives for exceptional performance; and fostering creativity by providing a challenging project base.

POSITION SUMMARY

The Indiana Climate Fellow will be placed within the Compliance Department and will be responsible for interpreting sustainability and Environmental Social and Corporate Governance (ESG) guidance and guidelines for our clients. Clients include Renewable Energy Developers, Utility Companies, and Industrial Manufacturing facilities. Work is performed with direction from multiple experienced level technical personnel; under the general supervision of the Senior Compliance Manager

Duties will include:

- Assist in the development of a sustainability/ESG library of services that August Mack can offer to clients
- Collaborate with August Mack Advisory Board Sustainability Subcommittee
- Assist August Mack Environmental clients with determining what ESG/Sustainability standards apply to their practices
- Identify areas to assist clients in ESG/Sustainability responsibilities
- Identify areas for improvement in ESP/Sustainability within August Mack’s own operations
- Attend the Boot camp May 17 – 21, 2021

Qualifications

- Strong computer and verbal/written communication skills
• Perform mathematical calculations and data management
• Collect, record, and evaluate data
• Interpret Sustainability and ESG regulations and prepare reports for a wide variety of clients
• Ability to learn job-related material primarily through verbal instruction, training, reading, researching and observation

Compensation
Compensation will be in the form of a scholarship through the Indiana Sustainability Development Program. The Fellow will work full time for 10 weeks, beginning May 31 and ending August 13.

Feedback and evaluation
The Fellow will be given regular feedback from staff on progress and performance. Success in the fellowship will be determined by the completion of specified projects in a professional and timely manner. The Fellow should learn how a company identifies its sustainability priorities, effective principles of communication, and how to develop and maintain professional relationships.

Application instructions
To apply for this position, complete an application on the Sustain IU website. If you have questions about the program or any of the positions available, email Danni Schaus, ISDP Program Manager, at danmcphe@iu.edu. Applications will be accepted on a rolling basis (first come, first serve) until Friday, Feb. 19, 2021.
