Indiana University - Sustainability Development Program
2020 Student Sustainability Consultant – Gnarly Tree Sustainability Institute

Who We Are
Gnarly Tree Sustainability Institute is a Bloomington-based certified B-corporation that trains future sustainability leaders by engaging faculty and students on consulting projects.

POSITION SUMMARY
The extern will be placed within Gnarly Tree Sustainability Institute. The extern will assist with a variety of projects, including project support, business development, Website content development, and social media efforts. Students may assist with a variety of projects, including stakeholder engagement efforts surrounding social and environmental sustainability issues, South Africa carbon offset standards development, municipal environmental sustainability projects, and any other projects that GTSI may be assigned during the student's tenure.

Duties will include:
- Enhancing organization's social media presence
- Assisting with the identification of business/research opportunities and assisting with the development of proposals
- Assisting with background research and analytical inputs to confirmed projects, including best practices in stakeholder engagement around Monroe County health issues, South Africa carbon offsets project, and municipal environmental sustainability projects
- Attending the 3-day Sustain IN Boot camp May 18 – 20, 2020

Qualifications
- Applicants should be pursuing a Master's degree and should possess a background in sustainability and/or environmental policy, strong work ethic, attention to detail, and excellent analytical skills.
- Applicants should have completed an intermediate applied micro-economics course, have some training in environmental and sustainability policy, and possess excellent written and oral communication skills.

Compensation
Compensation will be in the form of a scholarship through the Indiana Sustainability Development Program. The intern will work full time for 10 weeks, beginning May 26 and ending August 7, 2020.

Feedback and evaluation
The intern will be given regular feedback from GTSI staff on progress and performance. Success in the internship will be determined by the completion of specified projects in a professional and timely manner. The intern should learn how to identify and compete for
consulting and research projects, use analytical skills needed for a broad range of sustainability projects, and effectively communicate project results.

**Application instructions**
To apply for this position, complete an application on the Sustain IU website. If you have questions about the program or any of the jobs available, email Danni Schaust, ISDP Program Manager, at danmcphe@iu.edu. Applications will be accepted on a rolling basis (first come, first serve) until Friday, Feb. 28, 2020.
